Welcome to Southridge High School, home of the RAIDERS!

The purpose of this handbook is to familiarize you with school policies and practices of Southridge High School and hopefully reduce any misunderstandings concerning what is expected of you. SOUTHWEST DUBOIS COUNTY SCHOOL CORPORATION

SOUTHRIDGE HIGH SCHOOL DRUG TESTING PROGRAM

INTRODUCTION

This program will be effective for all students and volunteers participating in any voluntary extracurricular activity sponsored by Southridge High School, and for all student drivers operating a motor vehicle on school property. This program will not affect the policies, practices or rights of the School Corporation in dealing with drug and/or alcohol possession or use where reasonable suspicion is obtained by means other than random sampling provided herein.

RATIONALE

Southwest Dubois County School Corporation has a strong commitment to the health, safety and welfare of its students. The School Corporation also recognizes its custodial and tutelary responsibilities for students attending school at Southridge High School. Results of studies throughout the United States indicate that education alone is not an effective deterrent to substance and/or alcohol abuse. Statistics from recent "Indiana Alcohol, Tobacco, and Other Drug Use Survey" show an increase in drug and/or alcohol usage among students at Southridge High School. Students using illegal drugs or alcohol while participating in extracurricular activities or operating a motor vehicle on school property pose a threat to their own health and safety, as well as to that of other students. To ensure safe and secure educational and extracurricular environments, a clear policy as well as supportive programs relating to detection, treatment and prevention of substance and/or alcohol abuse is needed.

Furthermore, participation in school sponsored extracurricular activities is not an absolute right, but rather a privilege offered to students who meet both scholastic and physical conditions of eligibility. Students involved in such activities need to be exemplary in the eyes of the community and other students.

PURPOSE

As a deterrent to use of illegal drugs and alcohol, a random drug and alcohol testing program is hereby established for students and volunteers participating in voluntary extracurricular activities and student drivers operating motor vehicles on school property. This program shall be non-punitive in nature, and no adverse disciplinary or academic action will be taken as a result of random testing, other than suspension of the privilege of participation in school sponsored extracurricular activities, and the operation of a motor vehicle on school property as hereinafter provided. The purposes of the program are:

1. To provide safe and secure educational and extracurricular environments for students, faculty and staff by preventing students with drug or alcohol residues in their bodies from participating in school sponsored extracurricular activities or operating motor vehicles on school property;
2. To deter illegal drug and alcohol use by students, and to prevent the risks to health, safety and welfare caused by such use;
3. To educate, help and direct students away from drug and alcohol abuse and toward a healthy, drug and alcohol free lifestyle;

This policy applies to all students and/or volunteers of Southridge High School who wish to participate in extracurricular activities and to students who operate motor vehicles on school property.

LEGAL OBLIGATION

Indiana Code 20-8.1-7 sets forth health measures to be governed by school officials. Most specifically, IC 20-8.1-7-2 establishes the responsibility of schools to assist children found to be ill or in need of treatment.

CONSENT FORM

Each student or volunteer desiring to participate in any voluntary extracurricular activity offered by the school, and any student driver operating a motor vehicle on school property, shall be provided with the consent form, which must be signed and dated by a custodial parent or guardian before such student or volunteer shall be eligible to practice or participate in an extracurricular activity or to park on school property. By signing the consent form, the student (with the consent of his/her parent or guardian), or the volunteer (as the case may be) agrees to provide, at any time requested, a urine, saliva, and/or breathalyzer sample to be tested for drugs and alcohol. In addition to those students who choose to participate in extracurricular activities or to park on school property, the school will also test any student who VOLUNTEERS to participate in the drug testing program as well as students under the age of 18 whose parents wish to have them included in the drug testing program. Such parents must provide the school with written consent for participation. Once the consent is given for testing, it shall be in effect for the remainder of the student's tenure at Southridge High School or until the consenting parent or guardians withdraw their child from the program in writing.

FINANCIAL RESPONSIBILITY

1. Under this policy, Southwest Dubois County School Corporation will pay for the initial random drug test and "follow-up" tests resulting from a verified "positive" test. Any tests requested by a student and his/her parent or guardian will be the financial responsibility of the student and his/her parent or guardian.
2. A request on APPEAL for another test of a "positive" urine specimen is the financial responsibility of the student or his/her parent/guardian and must be within a 24 hour window from the initial test.
3. Counseling and subsequent treatment by non-school agencies is the financial responsibility of the student and his/her parent or guardian.

PROCEDURE

1. The selection of participants to be tested will be done randomly by International Testing, Inc. Each student will be assigned a number and the principal or assistant principal will maintain a cross-referenced list of names and numbers. The selection of students will be done RANDOMLY on Monday through Saturday throughout the school year. International Testing, Inc. will call with the numbers selected, and the principal/assistant principal will cross reference the numbers selected to the master list.

2. The collection of samples will be done in a non-offensive manner which insures the integrity of the sample. The principal or assistant principal who supervises a urine sample collection will not physically observe the giving of the sample which would take place in a secured and private enclosure. Recordation of appropriate information to insure the proper chain of custody record will begin at the time the sample is collected, including verification signatures by both the student and the supervising official. The samples will then be turned over to the testing laboratory and each sample will be tested for alcohol and drugs. The laboratory may also test for performance enhancing drugs known as steroids.
3. All students will remain under school supervision until they have provided an adequate, acceptable sample. If a student is unable to produce a urine specimen, the student will be given a glass of water or soft drink. If by the end of two hours the student still cannot produce a specimen, the student will be treated as if the test was given and the results were "positive" for alcohol/drugs. If it is suspected that tampering or cheating has occurred during the collection, the student will become ineligible for the extracurricular activities or parking on school property for the remainder of the school year.
4. In addition to urinalysis testing, saliva screening and/or breathalyzer testing may also be utilized to determine the presence of drugs or alcohol, where appropriate.
5. When a student's tests are complete, the laboratory will report to the principal the results of each test by the identification numbers on the samples. The specific test results of any test shall not be made known to anyone other than the student, the student's parent(s) or guardian(s), the principal and/or assistant principal. The fact of testing and the results of testing of any student shall not be made known to any school official other than stated above. The coach, sponsor and athletic director will be notified of any suspension resulting from a "positive" test. Test results shall not be made a part of the students educational records, nor shall it be disclosed to law enforcement authorities, except in response to a lawfully issued subpoena by a court of competent jurisdiction.
6. If the results of the test are "positive", that is, if they show drug or alcohol residue, the principal will advise the student and the student's parent(s) or guardian(s). At notification, whether by phone call, letter or personal contact, the student and student's custodial parent(s) or guardian(s) may submit any prescription or other explanation or information which will be considered in determining whether a positive test can be satisfactorily explained. If not, the parent/guardian will be given names of agencies that can be of help to the child. The principal will also notify the student of any consequences based on policies/procedures as outlined in this program.
7. Once a student who was found to have a positive urine, saliva, or breathalyzer test through provisions of the policy, a "follow-up" test of that student will be conducted after such an interval of time that the substance previously found would normally have been eliminated from the body if no intervening drug use has occurred. If a second "positive" result is obtained from the "follow-up" test or any later test of that student, the said student will be subject to the terms of "second consequence" level. In addition, the student may be required to continue testing at the discretion of school authorities to determine the student's ability to maintain an alcohol/drug-free lifestyle.

DISCIPLINE

As teachers and pupils are brought together so that learning may take place, an environment that permits an orderly and efficient operation of our school must be provided. This environment, most of all, comes through consideration and self-discipline, so that individuals do not allow themselves to infringe upon the rights of others.

When self-discipline fails, however, regulations for management of school behavior must be outlined by those responsible for the operation of the schools. The Southwest Dubois County School Corporation has this legal responsibility for this school in which you are enrolled. The Board, in turn, has set policies and has appointed administrative officers to carry them out.

Recognizing that the behavior of some students may be so disruptive that it interferes with school purposes or educational functions of the school corporation, school officials may find it necessary to remove a student from the school. In this event and in accordance with the provisions of IC 35-48-4-8.3, the Southwest Dubois County Board of School Trustees authorizes administrators and staff members to take the following actions:

1. All discipline at Southridge shall adhere to the laws of Indiana, including all drug, alcohol, tobacco, and other chemical abuse related laws, such as the 1986 General Assembly Act SEA 18, addressing look-alike substances and paraphernalia, and the guidelines and regulations established in the student's due process law P.O. 218 Indiana Acts of 1973. A link to current Indiana law is available on the school website or www.in.gov/legislative/ic/code/title20/ar33/ch8.html
2. Each violation of school policy and school regulations will be dealt with individually. The specific disciplinary action will be determined by the seriousness of the offense, past disciplinary record of the offender, and other extenuating circumstances.
3. Wednesday School will be the only after school detention. It will be held every Wednesday starting at 3:20 and ending at 4:30.
4. Among the possible disciplinary actions which may be taken are:
 - a. Private conferences

7. All visitors are to park in the East lot and report to the Administrative Offices.

STUDENT ILLNESS

Since physicians will not treat students without parent authorization, parents are requested to sign a "consent to treatment" form for each student.

If a student becomes ill at school, effort is made to contact the parents. If unable to contact the parents, the student will be taken to the emergency room at the hospital, if the illness is deemed serious. Otherwise, the student is allowed to rest in the sick room. Under no circumstance is a student allowed to go home without parent authorization.

Students and Parents are encouraged to make Doctor's Appointments, etc. during times other than school hours. However, if an appointment is during school hours, the student is expected to return to school before and after the conclusion of the appointment, unless reasons of health dictate otherwise.

ACCIDENTS AND INSURANCE

The school is responsible only for immediate first aid. The Board of Education does not pay any medical or hospital bill incurred as a result of an accident to the pupil at school. The parent or guardian is responsible for the payment of such bills.

We urge you to avail yourself of the protection afforded through school insurance. You will be given information regarding various insurance plans during the first week of school.

SCHOOL INSURANCE

School accident insurance is available for a nominal fee, per year. Twenty-four hour coverage is provided, for a larger fee, if you desire. Optional dental coverage can also be acquired for a nominal fee. The above mentioned policies cover most school activities, with the exception of athletes participating in an athletic event or practice.

LOCKER SEARCH POLICY

All lockers and other storage areas provided for student use on school premises remain the property of the school corporation and are provided for the use of the students subject to inspection, access for maintenance, and search pursuant to this section. No student shall lock or otherwise impede access to any locker or storage area except with a lock provided by or approved by the Principal (or his designee) of the school in which the locker or storage area is located. Unapproved locks shall be removed and destroyed.

1. The Principal or his designee may search a locker and its contents when there is reasonable cause. When the locker to be searched is assigned to a particular student and that student is on the school premises at the time of the search, the student shall be notified prior to the search and given the option to be present at the search.
2. The Principal, a member of the administrative staff, or a teacher may search a desk or any other storage area on school premises other than a locker when the person conducting the search has reasonable cause for a search.
3. Canine search of lockers and vehicles parked on school property, if used, will be conducted as designated by State Law.
4. Canine sniffing of classrooms and their contents is also part of approved policy. The students will be asked to leave the classroom, leaving all personal items and materials in the room to be sniffed. The student is to be present for the opening of any of his/her personal items designated by the dog.
5. The Principal or his designee may search the person of a student during a school activity if the Principal has reasonable cause for a search of that student. Searches of the person of a student shall be limited to:
 - a. Searches of the pockets of the student.
 - b. Any object in the possession of the student such as a purse or briefcase, and/or
 - c. A "pat down" of the exterior of the student's clothing.

Searches of the person of a student which require removal of clothing other than coat or jacket shall be referred to a law enforcement officer in accordance with sub-section A of this section. Searches of the person of a student shall be conducted in a private room by a person of the same sex as the student being searched. At least one but not more than three additional persons of the same sex as the student being searched shall witness but not participate in the search. At the request of the student to be searched, an additional person of the same sex as the student, designated by the student, and then reasonably available on school premises, shall witness the search. The parent or guardian of any student searched shall be notified of the search as soon as reasonably possible.

Anything found in the course of a search conducted in accordance with this section which is evidence of a violation of the student conduct standards contained in the student handbook may be:

1. Seized and admitted as evidence in any suspension or expulsion proceeding, if it is tagged for identification at the time it is seized and kept in a secure place by the Principal or the Principal's designee until it is presented at the hearing.
2. Returned to the parent or guardian of the student from whom it was seized.
3. Destroyed if it has no significant value, or
4. Turned over to a law enforcement officer in accordance with sub-section A.

Anything found in the course of a search conducted in accordance with this section which by its presence presents an immediate danger of physical harm or illness to any person may be seized and:

- a. Returned to the parent or guardian of the student from whom it was seized,
- b. Destroyed, or
- c. Turned over to any law enforcement officer in accordance with sub-section A.

Sub-section A: The Principal or his designee may request the assistance of a law enforcement officer to:

2. Identify or dispose of anything found in the course of a search conducted in accordance with this section.

Where law enforcement officers respond to such a request, no school employee shall assist or otherwise participate in any search conducted.

LOST AND FOUND

Students who find articles in and around the building should take them to the office as soon as possible. A student who furnishes satisfactory proof of ownership may claim an article. Lost textbooks are stored in the bookstore; library books in the Library.

LUNCHROOM

Southridge is a closed campus during lunch. Students aren't allowed to leave campus or order delivered food from commercial food establishments. This allows the cafeteria to keep waste food to a minimum and provide a quality lunch for \$2.50 and a breakfast for \$1.50. Additional ala carte items are available for substantially higher prices. We ask parental cooperation in not bringing pizza, hamburgers, etc. to campus. This support will allow Southridge to continue to provide high quality meals at minimum cost. Birthday cakes are an exception. We do request that parents start any campus visit at the main office.

LUNCH ACCOUNTS

Each student at Southridge High School has a lunch account in the computer system. Each student is responsible for keeping money in that account. Money can be deposited into the students' account each day before school. Parents may track the amount of money left in the account by accessing their son/daughter's Power

School account information. If a student has no money in their account, they will not be allowed to charge for a meal until sufficient funds are in their respective accounts.

SOFT DRINKS

Soft drinks are available to students before and after school hours, to be consumed in the Cafeteria only. The machines are off limits and soft drinks are prohibited during regular school hours. Students are to refrain from bringing in soft drinks from outside school.

REPORT CARDS

Report cards will generally be distributed 3 or 4 school days after the end of the grading period. Report cards will be published electronically and by email through Power School.

MEDIA CENTER

The media center provides many valuable sources of information. Newspapers, magazines, books, pamphlets, audio-visuels, computer software, and other informational media are available throughout the school day. Both network computers and "stand alone" personal computer stations are accessible to students. Instruction on the use of resources and technology is provided through both individual student and group instruction.

Although staff members routinely schedule large group research projects during their class periods, individual students are encouraged to use the media center during their study hall periods.

SECURITY

The school cannot assume responsibility for lost or stolen items. Each student is assigned a locker with a combination lock. It is recommended that the locker be kept locked and that no valuables be left in a locker.

If something is stolen, students are asked to report the theft to the office, and a concerted effort will be made to recover stolen property. If the locker does not function properly, notify the Assistant Principal.

Student personal property may be seized by school administration if the items are believed to be illegal, stolen, or a threat to the health, safety, or security of others, including buttons, t-shirts, and the like, with sayings or slogans about such activities. Parents may recover these items if they are not illegal or stolen property. Items which are used to disrupt or interfere with the educational process may be removed from the student's possession.

Students who need to secure valuables may check the items in at the office.

The athletic dressing rooms are off limits to all students during the school day except to the physical education classes that are in session.

Students are not to be in possession of school keys.

Students should not be in the building after school hours, on week-ends, or any time school is not in session without the direct supervision of a staff member.

SELLING AND FUND RAISING

All fund raising projects require the approval of the Principal, prior to the beginning of the project.

DEMOGRAPHIC INFORMATION

The Southwest Dubois County School Corporation designates the following items as Demographic Information: student name, address, telephone number, date of birth, photograph. The corporation may disclose any of those items without prior written consent, unless notified in writing to the contrary.

We will release student information of a general nature such as honor roll, class standing, and team rosters to the public unless we have been notified by the parents not to do so.

Transcripts and other relevant information will be released to other schools for transfer students unless we have been notified by parents not to do so.

TRAVELING TO OUT-OF-TOWN-ACTIVITIES

Students traveling to or from out-of-town activities as a member of an athletic team, cheerleading team, pep squad, club, class project, or any other school sponsored organization must use the transportation provided by the school in order to participate. There can be no exceptions to this rule that would involve students driving.

Students who must stay overnight to participate in school sponsored activities must be accompanied by a member of the faculty, staff, or official sponsor of the participating organization.

Parents may assume responsibility of their own child only, if they desire.

TITLE IX

The Principal is designated as the compliance officer for overseeing the sex discrimination regulations as set forth by the federal government. If a question arises concerning sex discrimination, students or parents may contact the Principal of their school.

INTERNET ACCEPTABLE USE POLICY

Internet access is available to students and staff of Southridge High School. Having access to the Internet will aid the Southridge staff in meeting the educational needs of their students. Internet access will allow students to access information from throughout the world, give opportunities to increase their knowledge and to use that knowledge in completing teacher directed and supervised projects.

Student access will be limited, teacher directed and supervised. Access to the Internet is a privilege which can be revoked if used for the wrong purposes.

With access to computers and people from throughout the world also comes the availability of material which may not be considered to be of educational value in the context of the school setting. Southridge High School officials have taken precautions to restrict access to controversial materials.

Because the Internet provides access to other computer systems around the world, it is specifically understood that the school system does not have control of the content residing on these other systems. Students and parents are advised that some systems may contain defamatory, inaccurate, abusive, obscene, profane, sexually oriented, threatening, racially offensive or illegal material. Southridge High School officials do not condone the use of such material and do not permit usage of such material in the school environment. Students who access such material in the school environment will have their access to the Internet revoked and will suffer the consequences as stated within the discipline policy.

Examples of unacceptable use include, but are not limited to:

1. Using the Internet for any illegal activity, including violation of copyright or other contracts.
2. Gaining unauthorized access to resources or entities;
3. Accessing, transmitting, uploading, or downloading pornographic, obscene, or sexually explicit materials;
4. Violation of any local, state, or federal statute;
5. Vandalize, damage or disable the property of another person or organization.

Students are expected to abide by the generally accepted rules of network etiquette. These include but aren't limited to:

1. Be polite. Use appropriate language. Swearing, using vulgarities or other inappropriate language, or being verbally abusive is prohibited.
2. Don't give your personal address or phone number.
3. Don't give addresses or phone numbers of other students or school personnel.
4. Don't respond to unsolicited on-line contact. Inform the system operator immediately.
5. Electronic mail isn't guaranteed to be private. People who operate the system have access to all mail. Messages relating to or in support of illegal activities may be reported to the authorities.
6. It is possible for students to purchase goods and services via the Internet. These purchases could result in unwanted financial obligation on the part of the parent. Under no circumstances should a credit card number be used by a student on the Internet.

Southridge High School does not warrant that functions or services performed by, or that the information of software contained on the system will meet the member's requirements or that the operation of the system will be uninterrupted or error-free or that defects in the system will be corrected. Southridge High School does not make any warranties, express or implied, including, without limitation, those of merchantability and fitness for a particular purpose, with respect to any services provided by same and any information or software contained therein.

SAFETY

The safety of our Southridge family is our top priority. Our SWDCS Safety Plan is ever changing to provide the best possible response in the event of an emergency. Please regularly question your child as to what they would do in the event of an emergency at school. Working together to better prepare is the best way to ensure the safety of our children.

• EVACUATION - FIRE DRILLS

Evacuation - Fire drills will be held a minimum of once a month. It is the responsibility of each student to be familiar with the fire drill route in each of his/her classrooms. When the alarm rings, move quickly and quietly out of the building and remain outside until an all clear is given.

• SHELTER IN PLACE - SEVERE WEATHER-TORNADO DRILLS

Shelter in Place - Severe Weather - Tornado Drills will be conducted a minimum of twice a semester. Classroom teachers will instruct students as to the proper procedure.

• AVOID, DENY, DEFEND

Avoid, Deny, Defend drills will be practiced a minimum of once a semester.

• CRISIS CONNECTION HOTLINE – 1-800-245-4580

In the event of an emergency call 911, but if you are not in an emergency situation and need guidance the Crisis Connection Hotline can assist you. Manned 24 hours a day, the Crisis Connection Hotline and website <http://www.crisisconnectioninc.org/> can provide assistance and resources when you are unable to reach a school official.

WINTER STORM, FLASH FLOOD PLAN

School Emergency Closing and Dismissal of School for this purpose will be determined by the Superintendent's Office.

The following procedures will be followed.

CLOSING SCHOOL

If Schools are closed prior to 10:00 P.M. the night before, or by 6:00 A.M. on the day of, the Building Principal will be notified. Radio stations WITZ (FM) and WBDC will also be notified. They will announce the information to the general public. School employees and students are notified in this fashion.

EARLY DISMISSAL

Building Principals will be notified by the Superintendent. They will in turn notify their staff of the dismissal procedure. Dismissal will occur when buses arrive at the school.

NOTIFICATION OF AVAILABILITY OF ASBESTOS MANAGEMENT PLAN

The Asbestos Hazard Emergency Response Act (AHERA) of 1987, required the compilation of all asbestos containing building materials (ACBM), within the public and private schools (K-12 grades). This compilation was designed to identify, not only if asbestos was present, but its location, amount, and condition. The compiled data, assessments, and recommendations along with other pertinent information was to be assembled into an Asbestos Management Plan for each school building.

The Southwest Dubois County School Corporation complied with AHERA by developing and implementing Asbestos Management Plans for all of the school facilities. The AHERA required six month periodic surveillance inspections are being conducted by the School Corporation and the second triennial re-inspections for asbestos have been completed by accredited asbestos inspectors in the summer of 1994.

We are happy to report that the Southridge Middle School does not contain asbestos building materials. The asbestos materials identified in the other schools of the Corporation are non-friable and in good condition. Non-friable asbestos does not represent a health risk.

The Asbestos Management Plan will be updated annually as the inspection reports have been completed.

Anyone wishing to view a copy of the Management Plan for an individual school building will find it available in the Principal's office of each school. The Management Plan for all of the schools in the Southwest Dubois County School Corporation is available for your viewing in the Administration office at 201 West Sunset Drive, Huntingburg, Indiana. The Management Plan may be copied at a nominal fee of ten cents per page, during regular school hours by notifying the school in advance to prevent scheduling difficulties.

If you have any questions concerning the AHERA Program in the Southwest Dubois County School Corporation, please contact your building Principal and/or the Designated Person, Mr. J. Patrick Bradley at 812-683-2272.

UNLAWFUL HARASSMENT

It is the policy of the Board of School Trustees to maintain an education and work environment that is free from all forms of unlawful harassment, including sexual harassment, occurring in the Corporation's educational opportunities, programs, and/or activities. Also, if harassment initially occurs off Corporation grounds or outside the Corporation's educational opportunities, programs, and activities, and affects the Corporation environment (hereinafter referred to collectively as "unlawful harassment"). The full policy can be found on the SWDCSC website under policy # 5517.

TRANSPORTATION

Private transportation – will not be allowed unless approved by the athletic director. If athletes will be riding in a private vehicle to an event, even if it is the coach's vehicle, they must have written permission. This permission slip must be in the possession of the coach before departure.

Returning from an event – The SHS athletic department strongly encourages that all athletes return home on the team bus. If that is not possible, then the student may be permitted to ride home with a parent or guardian only (not a grandparent, teammate's parent, etc.) The coach must be notified by the parent/guardian directly (phone call or personal conversation) and in writing.

Off campus practice facility – Many SHS practices are held at off-campus facilities. SHS is not responsible for providing transportation to those facilities, rather it is the responsibility of the athlete. For liability reasons, coaches should not designate certain athletes as drivers for other team members. The decision to ride with someone else should be left up to each individual athlete.

ATHLETIC DISCIPLINE POLICY

Participation in athletics is both an honor and a responsibility. Athletes earn recognition for their achievements as representatives of their school and its' ideals. Good physical conditioning and sound attitudes are an integral part of participation in Southridge High School's athletic program.

It is a privilege to participate in athletics and this privilege is extended to all, provided that students are willing to assume certain responsibilities. A student participant must be a credit to oneself, the school, and the community. This can be done by the following suggestions:

1. Exhibit high standards of social behavior
2. Display sportsmanship.
3. Respect other athletes, cheerleaders, officials, spectators, and those in authority.
4. Be cooperative.
5. Maintain a good appearance including cleanliness and good grooming.
6. Use language that reflects well of self, family and school.

All rules regarding behavior and/or training as outlined in IHSA regulations apply, and their meaning will be interpreted by coaches to participants. Accordingly, the violation of any of the following general rules by participants result in suspension from practice and contests and subsequently could cause termination of all extracurricular activity. This code of conduct will apply to SHS athletes at all times both during the school year as well as during the summer.

1. Athletes, at anytime or anywhere, shall not have possession of, be using, or be under the influence of:
 - a. Alcoholic beverages
 - b. Marijuana or any other controlled drug or substance unless and to the extent prescribed by a licensed physician.
 - c. Tobacco products
 - d. E-cigarette/Vaping--nicotine/non-nicotine substance
2. Theft and vandalism
 - No Southridge High School athlete shall participate in the misuse, destruction, or damage of any school property or equipment. Athletes shall not be in possession of any school owned equipment or property, other than that which has been officially issued to the athlete by the coach.
3. Involvement with law enforcement agencies
 - a. Commission of a delinquent act (that which would constitute a criminal offense if committed by an adult).
 - b. Conduct constituting a criminal offense (excluding minor traffic violations).
4. Felony Infractions : In the event of an infraction that results in the conviction of a felony criminal offense, or that results in the adjudication of a juvenile delinquent or conduct that would constitute a felony if committed by an adult, the following disciplinary action will be taken :

First felony infraction – Removal from all athletic participation for 365 days.

Subsequent infraction – Removal from all athletics for rest of career.

****Felony infractions will initially be handled as all other code of conduct**

violations until a conviction of the felony or the adjudication of delinquency occurs.

Procedures and Penalties – any infraction must be verified by an administrator, member of coaching staff, faculty member, law enforcement officer, or admission of violation by the athlete in question. The athlete will be entitled to a meeting with a member of the administration and coach. The athlete's parent or guardian may be present at the meeting. The parents will be given the opportunity to be heard concerning the alleged infraction. The particulars of the violation will be set forth at this hearing and the athlete will be advised of the penalties. A letter detailing the infraction and the penalties will be sent to the athlete's parent or guardian, if they do not attend the hearing. An administrator may reduce the penalty when it is determined by the administrator to be excessive in severity in light of the facts of the athlete's violation. These penalties do not replace or supersede those set forth for all students in the student handbook, but are in addition to them, when applicable.

First Infraction

1. Suspension from 30% of current season contests. Suspension will carry over to next season of participation to satisfy the 30% requirement if not met during current season.
2. Team awards, (MVP, etc.) qualified during the season of suspension will be forfeited by the athlete. The athlete will still be eligible to earn a varsity letter, if she or he qualifies.
3. Suspended athlete may be required by the coach to attend and participate in practices and be present in street clothes at contests.
4. A conference may be required, including the athlete, his or her parent or guardian, the head coach, and an administrator must be held before the student can resume participation in that sport.

Second Infraction

1. Removal from athletic participation for the remainder of the current season - if less than 4 weeks remain in a season, suspension will extend to one half of next sport participating in. Participating in a sport not previously played cannot be used to satisfy suspension.
2. Suspended athlete may be required by the coach to attend practices and be present in street clothes at contests.
3. Team awards, (MVP, etc.) qualified during the season of suspension will be forfeited by the athlete. The athlete will still be eligible to earn a varsity letter, if she or he qualifies.
4. A conference may be required, including the athlete, his or her parent or guardian, the head coach, and an administrator must be held before the student can resume participation in that sport.

Third Infraction

Removal from athletic participation from all sports and practices for three hundred and sixty five days (365) days. This includes forfeiture of any team awards, but does not affect varsity letters.

Subsequent Infractions

Removal from athletic participation from all sports and practices for the remainder of the student's high school career, and forfeiture of all team awards and varsity letters.

HAZING

"Hazing" means any act committed by a person whether individually or in concert with others, against a student in connection with being admitted to, affiliating with or maintaining membership or participation in any organization or program affiliated with Southwest Dubois County School Corporation; and which is intended to have the effect of or should reasonably be expected to have the effect of humiliating, intimidating, or demeaning the student, or endangering the mental or physical health of the student, regardless of the student's willingness to participate. "Hazing" also includes soliciting, directing, coercing, aiding, or otherwise participating, actively or passively in the above described acts.

Examples of "hazing"

Any type of physical brutality such as whipping, beating, striking, electrical shocks, place of harmful substances on or in the body, or other similar activity.

Any type of physical activity such as sleep deprivation, exposure to elements, confinement, indecent exposure, or other activity that creates or results in unreasonable risk or harm, humiliation, or that adversely affects the mental or physical health or safety of the student.

Any activity involving the consumption of food, liquid, alcoholic beverage, drug, or other substance that subjects a student to an unreasonable risk of harm or humiliation

Any activity that induces, causes, or requires a student to perform a duty or task which involves the commission of a criminal offense, or violation of the student/athletic code of conduct.

Hazing shall not include any activity or conduct that furthers the legitimate curricular or extracurricular program goals, provided the activity furthers those goals in a manner that is appropriate, normal and customary for similar public school programs. An example is reasonable athletic training exercises.

Participating in school activities are uniquely vulnerable to hazing. Hazing obstructs the development of good citizenship and negates the positive contributions of the activity. Self-respect and dignity can be destroyed. Students can be exposed to danger and serious injury.

Hazing will not be tolerated in the Southridge Athletic Programs. No student, teacher, coach, or administrator shall direct, encourage, or condone hazing. Any student who engages in the act of hazing will be subject to the following discipline action:

First Offense – Suspension of 30% of the season.

Second Offense – Suspension for the entire season.

Third Offense – Suspension for 365 days.

Fourth Offense – Suspension for the entire career of the student.

If the conduct is of the type or nature that would constitute a Felony if committed by an adult the following penalties will be imposed:

First Offense – Suspension for 365 days

Second Offense – suspension for the entire career of the student.
